EL-EMAN
FOR IMPORT & EXPORT

Who We Are? ●●●●●

Established in 1970 in Egypt, El Eman for Trading began its journey specializing in bulk grains and legumes. Over the past five decades, we have evolved into one of the leading suppliers of fresh fruits and vegetables within Egypt and the wider MENA region. Since 1980, we have expanded our footprint across the Middle East and North Africa, and in 2010, we were among the pioneers introducing organic produce to the Egyptian market. Today, we proudly supply over 45 Pls far east metric tons of high-quality fresh produce annually to key international markets, including the European Union, the United Kingdom, Russia, the Gulf countries, and beyond, reflecting our commitment to quality, sustainability, and excellence across our supply chain.

Our Objectives

- Expand our market presence globally while maintaining product excellence.
- Enhance sustainability across all farming and supply operations.
- Innovate with new organic and semi-dried product lines.
- Strengthen partnerships with international distributors and retailers.
- Ensure a timely, reliable supply through strategic farm management and logistics.

Our Mission

At El Eman for Imports and Exports, our mission is to deliver fresh fruits and vegetables of exceptional quality to global markets, while promoting sustainable agricultural practices and long-term partnerships with our growers and clients. We are dedicated to maintaining high operational standards in every step — from field to shipment — ensuring product integrity, food safety, and customer satisfaction.

Driven by Excellence and Responsibility

Our commitment goes beyond quality; we aim to contribute to a more sustainable food system by adopting environmentally conscious methods and aligning with international trade standards. Through innovation, traceability, and care, we ensure every product reflects the values of trust, quality, and responsibility.

Our Vision

El Eman for Imports and Exports aims to achieve sustainable growth and expansion in the export and import of fresh fruits and vegetables by leveraging our deep local expertise in agriculture and logistics combined with international trade experience. We are committed to applying Total Quality Management (TQM) principles to ensure excellence in every aspect of our operations, enhancing customer satisfaction and strengthening our position in global markets.

Our Values

Quality First: We prioritize the highest standards in all our products.

Sustainability: We are committed to environmentally responsible farming and supply chain practices.

Integrity: Transparent, honest, and ethical dealings with customers, suppliers, and partners.

Innovation: Constantly improving farming techniques and product offerings to meet market demands.

Our Farms

We operate and subcontract 25 farms across different regions in Egypt to guarantee a stable and sustainable supply of our products year-round. The varying climates across these regions allow us to cultivate diverse varieties to meet market demands.

Our farms are certified and audited by international standards, including GLOBAL GAP, ensuring we deliver healthy, top-quality crops. Water for our farms is sourced primarily from the River Nile and wells. For our greenhouse farms, we have developed our reservoirs to maintain a steady water supply regardless of external conditions.

Our ●●●●● Facilities

Preparing Plant: 8,000 sqm facility dedicated to sorting, packing, and preparing fresh produce.

Packaging Lines: Specialized lines for citrus, potatoes, and other products, ensuring quality and freshness.

Citrus Sizer: Modern equipment for precise sizing and grading of citrus fruits.

Facilities meet EU standards for export quality.
